Policy Statement

The Kids Castle recognises that children who attend the Centre full time may find it difficult to undertake homework tasks at home. We believe that all children should have access to uninterrupted play and leisure time to balance their education and learning. The Kids Castle supports positive relationships between parents and children and therefore understands that providing the time and place for homework to be undertaken within the OSHC service is of importance.

Procedure

Educators will attempt to provide a quiet, safe area for children to undertake homework tasks.

Whilst educators will remind children the homework space is available, The Kids Castle will not take responsibility for the completion of homework- this is the responsibility of the parent and child.

Where a child wishes to leave the homework area and has not finished their homework, staff will allow them to do so, and partake in the normal Programmed activities for the session.

In cases where a parent has requested their child complete their homework and the child becomes visibly distressed or anxious at needing to do so, the educator will not be expected to force the child to do their homework and the parent will be informed. If deemed necessary a meeting with the parent and Centre Director will be scheduled to discuss strategies to encourage the child to complete some of their homework before moving off to play.

Educators are available to aid children with homework, but will only provide a tutoring, if the educator/child ratio can be safely maintained.

Computers at The Kids Castle will be available for use for homework related exercises only during set programmed times during the afternoon sessions.
